## CHEMIST

***This is an exciting time for Bemax and for any professional in the mineral sands industry. Bemax is a leading producer of mineral sands products and its parent company, Cristal, is one of the largest producers and suppliers of titanium dioxide in the world.***

***An opportunity exists for an experienced Chemist to join our team based at Bunbury in South West WA.***

The Chemist is responsible for providing technical expertise to the laboratory to ensure the company's analytical requirements are met, as well as monitor and maintain the company quality system in accordance with ISO 9001.

The duties of the role include the following:

- Technical validity and accuracy of all analytical determinations.
- Calibration of XRF and associated equipment.
- Adherence of the laboratory management system to all NATA accreditation requirements.
- Provide expertise for the improvement of safety, environmental and analytical standards within the laboratory.
- Liaise with and provide support to the Laboratory Supervisor on all technical issues.
- Provide expertise and undertake training and NATA signatory assessment of laboratory personnel.
- Development and implementation of new methods to improve the laboratory service.
- Manage the company quality system to ensure continued compliance and certification to ISO 9001.
- Undertake the role as the Integrated Management System coordinator.
- Undertake internal audits of the company's management systems.

To be considered for the role it is essential to hold degree in Chemistry preferably with several years post gradual experience, specifically in XRF analysis. Mineral sands experience will be highly regarded.

Ideally we require an experienced individual who possesses supervisory skills as the role will involve relief Supervision of the Laboratory.

The position requires a highly motivated and self starting individual with leadership ability, excellent communication skills and a willingness to work as part of a dynamic and supportive team.

Interested applicants should apply in writing, giving full details by Friday 3 February 2012 to [hr@bemax.com.au](mailto:hr@bemax.com.au) or contact Therese Jackson, Senior Human Resources Advisor on 9721 0213.
